

# SENIOR PHP SOFTWARE DEVELOPER

Endava is a privately owned IT services company with over 3,400 employees and offices in New York, Atlanta, New Jersey, London and Frankfurt and 6 delivery centers across Romania, Moldova, Macedonia, and Serbia. We strongly believe that our ability to deliver quality work while adapting easily and quickly to the evolving needs of our customers and people ensures our success. To support our core purpose of enabling our people to be the best that they can be, we invest in career development and building a strong learning culture within Endava.

## CONSIDER A NEW OPPORTUNITY

You will be part of a cutting-edge IT environment, working with excellent IT engineers, using the latest trends in the industry. In the same time you will be working on projects for our major clients worldwide, and be able to learn and share knowledge with fellow teammates. Also, you will be part of an agile environment that both challenges you and rewards you.

Qualified candidates will participate on an agile projects within a cross-functional with responsibilities that may include any of the following:

- Gathering, analysing and estimating tasks
- Developing and testing solutions on customer's requirements
- Assisting in the design and implementation of a technology solution
- Participating in code reviews
- Communicating with the client through emails, phone sync-ups etc.

## MATCH YOUR PROFILE

- 4+ years of experience in PHP development
- Up-to-date with major trends in web development
- Experience in using versioning control and continuous integration tools and techniques
- Proven experience with PHP frameworks
- Experience in DB design and SQL
- Object Oriented Analysis and Design techniques
- HTML, CSS, Java Script (experience with modern frameworks is a huge plus)
- Open-minded for learning new technologies and processes
- Strong verbal and written communication skills, with the ability to work cross-functionally
- Initiative in suggesting improvements in processes and the product

If you are interested in this position and you have the required qualifications, please send your CV via email to [jobs.belgrade@endava.com](mailto:jobs.belgrade@endava.com). Please note that due to large number of applications we receive, we will only contact those candidates that are selected for an interview. Thank you.
