

enjoy.ing is a Swiss based engineering company, with headquarters in Zurich, gathering internationally experienced teams of engineers in Belgrade and Niš.

## We enjoy software engineering! Do you?

If you are looking for creative and challenging international projects, excellent working conditions, training and development opportunities, pure professionalism with a handful of positive spirit and...

You are a team player with open and friendly personality and would like to work as:

### .NET Developer

#### You will:

- Be part of the .NET team, working on innovative software solutions for the 'bank of the future' and our well established Swiss client
- Develop and enhance e-payment application solutions, using the latest industry standards and best practices
- Work with other business stakeholders in order to gather business requirements and implement solutions that follow industry standards

#### Our offer:

- A chance to be part of casual but highly professional international environment
- Competitive compensation depending on experience and skills
- Private pension and medical insurance
- Professional and soft skills trainings and education
- Sports, team buildings, conferences and events
- Modern and cozy offices in New Belgrade and Niš, cakes and fresh fruits...
- Possibility to travel abroad
- Work – life balanced schedule
- Respect and support to your professional, family and personal goals

#### You have:

- Minimum 3 years of experience in software development
- Degree or equivalent in computer science, software engineering or related fields
- Excellent knowledge of C# and WPF
- Desirable knowledge of WCF
- Knowledge of MVVM pattern
- Knowledge of LINQ to SQL would be considered as a plus
- Experience with C++
- Ability to work well within teams
- Responsible approach to work
- Proactive mindset
- Willingness to learn new technologies
- Ability to set realistic schedules and manage on-time completion of tasks
- Good spoken and written English skills

Working location: **Belgrade**

**Sounds interesting? Then you should join enjoy.ing!**
